# Men's Shed makes Christmas Merry

The Burdekin Men's Shed headquarters should be renamed Santa's Workshop according to Member for Burdekin, Dale Last.

Looking over the assortment of toys being made for donation to his Annual Christmas Appeal, Mr Last said the hard work of the "*shedders*" would put huge smiles on the face of many children over the festive season.

"Since I started my Annual Christmas Appeal the Men's Shed have been a great supporter and every year they outdo themselves," he said.

"The range and the quality of the toys really showcases the talents of the Men's Shed members but it's not just the talent that inspires and impresses me."

"To have members of the community give up their free time to help people who are doing it tough really illustrates the strength of our community and it's something that each and every member should be extremely proud of."

Donations of goods and non-perishable food to Mr Last's Christmas Appeal can be made at his office in Centrepoint Arcade until Monday, December 16<sup>th</sup>.
